

FRACTIONAL DIRECTOR OF IT

A part-time or shared IT director who provides technology leadership and guidance to multiple companies or organizations simultaneously

KEY RESPONSIBILITIES

- 1. Strategic Planning:** Develop and implement IT strategies that align with the organization's business objectives and goals.
- 2. Budget Management:** Develop and manage IT budgets for the organization, including forecasting and financial planning.
- 3. Vendor Management:** Oversee relationships with external IT vendors, including negotiating contracts and managing service-level agreements.
- 4. Information Security:** Ensure that the organization's IT systems and data are secure, and that appropriate policies and procedures are in place to protect against cybersecurity threats.
- 5. Team Leadership:** Provide leadership and mentorship to the IT team, including hiring, training, and performance management.
- 6. Technology Selection:** Evaluate and select appropriate technology solutions to support the organization's operations and business goals.
- 7. Project Management:** Oversee IT projects, ensuring that they are completed on time, within budget, and meet the organization's requirements.
- 8. Business Continuity Planning:** Develop and implement strategies to ensure that IT systems and data are available and recoverable in the event of a disaster or disruption.
- 9. Communication:** Communicate effectively with senior management, other departments, and external stakeholders to ensure that IT initiatives are aligned with the organization's needs and goals.
- 10. IT Governance:** Establish and maintain IT policies, procedures, and standards to ensure compliance with regulatory requirements and best practices.
